

1m Rugged USB-C to USB-C Cable

Reinforced with Kevlar Fibre

Features

- USB 2.0 compatibility for reliable data transfer and charging for a variety of devices.
- Optimised for quick charge and high-speed data transfer rates.
- A braided outer layer prevents tangling and adds durability.
- Enhanced strain relief design.

Product Specifications	
Type	USB 2.0
Max. Data Transfer Speed	480Mbps
Gauge	19 AWG
Max. Amps	3A
Max. Output Wattage	60W
Connector	Type-C 2.0
60° Bend Test	100,000 times
Strain Relief	Yes
Braiding	Nylon braiding

Tested for over 100,000 bends at $\pm 60^\circ$ under a 300g weight load.

Reinforced with 6 strands of 1000D Kevlar fibre.
